EROAD ELECTRONIC IRP

Confident recordkeeping with increased accuracy

At EROAD we've streamlined the IRP recordkeeping and application process for carriers – eliminating the need to chase down driver records, sift through paperwork, and manually enter and reconcile data. With EROAD's in-vehicle device, you'll be confident your entire fleet's data is accurately captured and securely transmitted to our secure web-based application, Depot, and is ready to access at any time. You'll easily recreate every mile of every driver's journey all on one platform for accurate, reliable, and auditable distance recordkeeping for IRP.

Complete management of your data

EROAD's Electronic IRP automatically generates the required trip information including distance, location, and state line crossing information to support distance record requirements for IRP. The apportionable percentages by fleet, jurisdiction, and vehicle are automatically calculated for your reference so there are no surprises when you pay your yearly IRP registration fees.
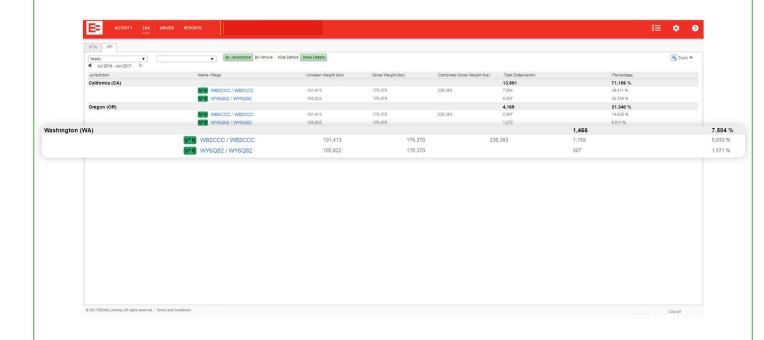

KEY BENEFITS

Save time Dramatically reduces administration time and paperwork

Feel confident Measures and records mileage, state line crossing, and route data with pinpoint accuracy

Stay compliant Helps safeguard against audit assessments

Standalone solution Independent and easy-to-use solution to meet your individual IRP needs

Harness your data Manages Vehicle Trip Records, registered weights, and automatically calculates IRP apportionment percentages by fleet, jurisdiction, and vehicle

Jurisdiction	Name / Rego	Unladen Weight (lbs)	Gross Weight (lbs)	Combined Gross Weight (lbs)	Total Distance(mi)	Percentage	
California (CA)					13,901	71.156 %	
	VTR WB2CCC / WB2CCC	101,413	176,370	230,383	7,504	38.411 %	
	VTR WY6Q82 / WY6Q82	105,822	176,370		6,397	32.745 %	
Oregon (OR)					4,169	21.340 %	
	VTR WB2CCC / WB2CCC	101,413	176,370	230,383	2,897	14.829 %	
	VTR WY6Q82 / WY6Q82	105,822	176,370		1,272	6.511 %	
Washington (WA)					1,466		7.504 %
	VTR WB2CCC / WB2CCC	101,413	176,370	230,383	1,159		5.933 %
	VTR WY6Q82 / WY6Q82	105,822	176,370		307		1.571 %

KEY FEATURES

> **Electronic Recordkeeping** IRP Vehicle Trip Records display mileage information such as distance, routes of travel, and state line crossings per vehicle per month to meet recordkeeping requirements according to the IRP Plan. The IRP Application provides all of the needed summaries by fleet, jurisdiction, and vehicle (monthly, quarterly, and yearly) for recordkeeping and audit purposes.

> **Advanced Reporting** Automatically combines the mileage information from the in-vehicle device to display and report distance and location traveled by vehicle and calculates the IRP apportionment percentages for each jurisdiction and vehicle.

> **IRP Fleet and Vehicle Management** Set-up and manage your IRP apportioned vehicles and organize them by fleet to speed up the IRP application and annual registration and renewal process. Record and maintain details about each of your vehicles required for IRP, such as unladen and registered gross vehicle weights, number of seats/axles, VIN, license plate, purchase price and date, factory price, and vehicle type.

> **Equipment List** View and export the detailed information about your vehicles, including any assets. Common IRP vehicle fields needed for the yearly registration fee process are included. With EROAD's Equipment List export, you can ensure the data and information you have provided to your base jurisdiction so you have it when you need it.

One end-to-end solution

EROAD truly delivers a best-in-class, advanced fleet reporting solution on a single platform using in-house expertise to build the best electronic fleet solution available on the market.

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your tax, compliance, and operational performance – including an FMCSA-compliant ELD, creating a safer work environment for your drivers, and making it easier and faster to accurately track, manage, and share hours of service.

EROAD. Confidence in every mile.
