

Simplified RUC invoicing

One daily invoice for all charges

THE CHALLENGE

Having RUC invoices issued for each transaction was creating extra admin for customers.

WHAT'S NEW

We've introduced an option to consolidate all daily RUC charges into a single, easy-to-reconcile invoice.

1. One invoice per day covers all RUC charges and admin fees across your fleet
2. Each charge is clearly itemised, including vehicle registration numbers

Consolidated invoicing is **optional**. Customers who prefer the existing invoicing arrangement can keep it as-is.

WHY IT MATTERS

- > Reduce admin effort
- > Invoice that matches the amount on your bank statement

HOW IT WORKS

Available now. Customers can **opt in to daily consolidated invoicing directly within MyEROAD settings**.
