

# EROAD ACCURATE FLEET TRACKING

EROAD Accurate Fleet Tracking provides accurate data you can rely on to enhance visibility into your fleet. Vehicle information on digital maps allows you to optimize routes, manage jobs, and dispatch vehicles as and where you need them.

### Optimize productivity, safety and profitability

Knowing the location of your vehicles at any given moment provides peace of mind and productivity improvements that help you keep your customers happy, and your business safe and profitable.

EROAD Accurate Fleet Tracking displays vehicle information on digital maps, giving you accurate data you can trust. The ability to see all your vehicles at a glance on the Activity screen in EROAD's web application, Depot, means you don't need to waste time trying to contact your drivers to identify their location, or manually investigating journeys.

Enhanced visibility simplifies dispatch and job management, improving communication between dispatch and drivers, and helping you meet agreed customer service levels.

### KEY BENEFITS

**Optimize visibility** Accurate vehicle information provides operational transparency and enhanced control

**Improve job management** Your customers can be confident your jobs will be completed on schedule and you can verify time on site

**Ensure safety** Provide a safe working environment, with the ability to accurately track vehicles and drivers and be aware of potential hazards

**Boost profitability** Time is money. You don't need to waste time trying to track down your drivers, or manually managing vehicles and jobs

Duty Status	Driver Alias	Driving Window Left	Driving Time Left	Duty Time Left (hh:mm)
Jun 9	733 - Mike	14h:00m	11h:00m	70h:00m
Jun 9	978 - Kurt	03h:18m	02h:48m	31h:48m

## EROAD ACCURATE FLEET TRACKING

### KEY FEATURES

- › EROAD Activity screen in our web application, Depot, displays up-to-date information on the location of your vehicles
- › See where your vehicle has been, including journey time, distance history and last location
- › Access from any mobile device, providing view of single vehicle or vehicle fleet on one map

"EROAD GPS tracking helps dispatch track our trucks and get our drivers to jobs more efficiently. If a driver gets lost, dispatch gets them right back on track in real time. Having access to real-time information on digital maps means we don't have to rely on sonar to communicate about potential river hazards."

***Doug Gilmer, General Manager***  
*Wilsonville Concrete, Wilsonville, OR*

### One end-to-end solution

EROAD truly delivers a best-in-class, advanced fleet reporting solution on a single platform using in-house expertise to build the best electronic fleet solution available on the market.

EROAD puts everything at your fingertips, saving you time and effort at every turn. You can rely on EROAD's powerful set of tools to take control of your tax, compliance, and operational performance – including an FMCSA-compliant ELD, creating a safer work environment for your drivers, and making it easier and faster to accurately track, manage, and share hours of service.
