

EROAD HISTORICAL DAILY FLEET ACTIVITY

EROAD Historical Daily Fleet Activity report provides a complete record of daily vehicle activity to help you monitor fleet activity and meet agreed customer service levels

Improve customer confidence

Managing a fleet of vehicles is an exercise in consistently maximizing the value of work undertaken, day in, day out. Historical Daily Fleet Activity report provides a detailed record of vehicle events, allowing you to monitor and optimize work completed. It also provides a reliable record of activity which can be used to provide customers with proof that the job has been accomplished.

A map view of the journey alongside a list of significant events allows you to walk through previous day's trips from first ignition on to ignition off to support investigation of enquiries into a vehicle's activity.

KEY BENEFITS

Best data Provides a complete historical record of daily vehicle activity so you can ensure trips are completed on schedule, work is completed to time, and vehicles are at the correct location

Meet customer service levels Provides a PDF record of vehicle activity that is available to share with customers as a proof of work completion to assure them that SLAs are being met

Minimize risk A highly accurate and reliable record of vehicle activity in case of disputes resolution with a customer or third party such as a port or airport

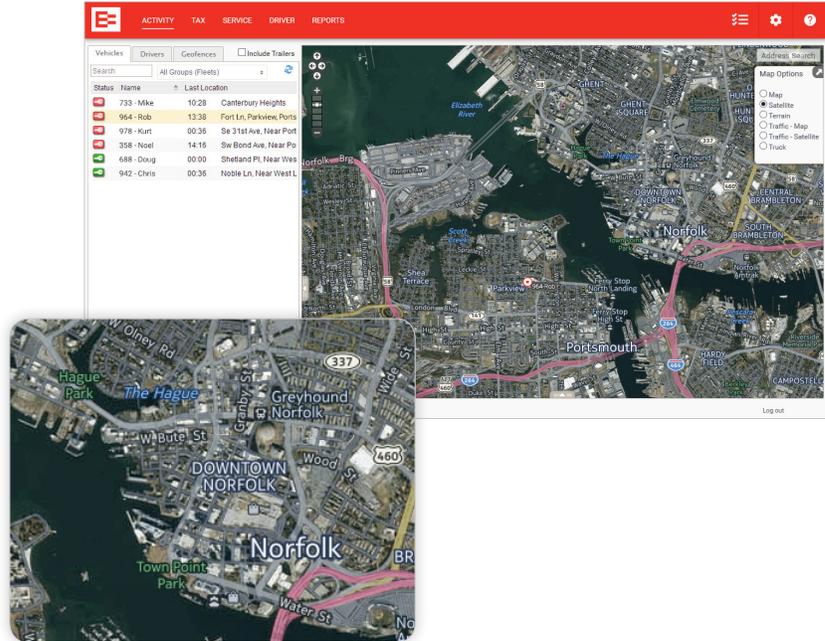

The screenshot displays the EROAD software interface. At the top, there is a navigation menu with options: ACTIVITY, TAX, SERVICE, DRIVER, and REPORTS. Below this, there are tabs for Vehicles, Drivers, Geofences, and a checkbox for Include Trailers. A search bar and a dropdown menu for 'All Groups (Fleets)' are visible. A table lists vehicle activity with columns for Status, Name, Last Location, and time. The table shows five entries: 733 - Mike (10:28, Canterbury Heights), 964 - Rob (13:38, Fort), 978 - Kurt (00:36, Se 3), 358 - Noel (14:16, Sw B), 688 - Doug (00:00, Shel), and 942 - Chris (00:36, Nob). The background is a satellite map of Portsmouth, Norfolk, with various streets and landmarks labeled. A 'Map Options' panel on the right allows switching between Map, Satellite, Terrain, Traffic - Map, Traffic - Satellite, and Truck views. At the bottom, there is a pagination control showing 'Page 1 of 1' and a copyright notice: '© 2017 EROAD Limited, All rights reserved. | Terms and Conditions'. A 'Log out' button is in the bottom right corner.
